

WARSHIP SENT TO DANZIG TO PROTECT YANKS

**Soviet Message Agrees
to Change Peace Par-
ley to Neutrals.**

BULLETIN.

Washington, Aug. 28.—Secretary Daniels announced today that he had ordered the armored cruiser Pittsburgh to proceed from Reval to Danzig for the protection of Americans at that port. The order was sent to Vice Admiral Huse on the Pittsburgh last night following a conference between Secretaries Daniels and Colby.

BULLETIN.

Paris, Aug. 28.—Willingness to transfer the Russo-Polish peace negotiations at Minsk to a neutral country is expressed in a wireless message from Moscow picked up by the Eiffel Tower station today. The details of the Soviet offer could not be deciphered, however, the foreign office announced.

MOW DOWN SOVIETS.

By Associated Press Leased Wire
Warsaw, Aug. 27.—Polish artillery has demolished the principal column of retreating Soviet forces on the northeastern front, catching the Bolsheviks at short range, according to an official statement issued here. Detachments of the Polish Third legion division near Brest-Litovsk have become engaged in an energetic defensive action in anticipation of a Soviet attack against that city.

TRY TO FIGHT THROUGH.

By Associated Press Leased Wire
Warsaw, Aug. 28.—Part of the third Soviet Russian cavalry corps and a detachment of infantry, still west of Kolno, near the East Prussian border trying to fight their way through the Polish forces. The pursuing Polish armies have retaken Ossowiec and Grajewo, to the northwest of Bialystok. On the southern front along the Lemberg, the Poles have reached the vicinity of Krasne and have occupied Przemyslan to the southeast of Lemberg.

DISPLAY OLD PHOTO

A photograph of considerable interest to many of the older residents of the city is on display in the show window at the Meyer & Schumm furniture store. The picture, which was taken in 1872, one year before the bridge disaster, shows several old citizens who were at that time engaged in repainting the Trussell bridge across Rock river. Conspicuous in the picture are George Hobbs, John Benjamin, Henry Woodruff and John Ford. But one of these is living today, Mr. Ford being the only one of the crew of painters who is alive. The photograph is the property of Charles W. Dey of this city.

PRINCETON TO GET "JUICE"

Plans for the purchase of a new \$17,000 electrical generating unit for the municipal plant at Princeton, Ill., have been temporarily halted. At a special meeting of the Princeton Mayor and commissioners Wednesday evening, Con Brown, president of the Brown Brothers Construction company, offered to sell the city unlimited current from DePue to Princeton for 1 1/2 cents a kilowatt net. The proposition has been turned over to C. H. Shepherd, consulting engineer for the C. W. Dennis Engineering Co. of Chicago, who was called to advise the council on the matter.

MOVE TO DIXON

Mr. and Mrs. H. S. Jeanguenat of Scarborough have purchased the Mulkins property at 1119 Peoria avenue and will take possession Sept. 6. Mr. Jeanguenat's family now at home consists of a son Herbert and daughter Frances who will enter school in Dixon this September. Mr. Jeanguenat is well known in this vicinity and has always been a large land owner. He now owns three large farms.

TRY AMBOY CASE

A jury was selected in the county court yesterday in the special assessment case of the city of Amboy. Objectors to the special paving assessment were represented by Attorney John E. Erwin of this city while State's Attorney William Leech represented the city's interests. The jury was excused and taken to Amboy to view the paving, to reconvene Monday morning at 9 o'clock when they will render their verdict.

JAPS INTERFERE WITH SPEECH OF CONGRESSMAN

**Meeting of Koreans
Addressed By Calif.
Solon Interrupted.**

Seoul, Korea, Aug. 25.—(By the Associated Press).—Delayed.—An impromptu meeting of Koreans addressed by Congressman Hugh S. Hersman of California, a member of the American congressional party which is touring the far east, was held at the Y. M. C. A. building, the reception which the Koreans planned had been officially canceled, Congressman Hersman was unaware of the cancellation. He dropped into the building when it was filled with Koreans waiting for a heavy shower to stop so they might return home.

The California congressman was invited to the platform to address the Koreans, the committee thinking he had come for that purpose.

He made a short address, saying he was glad to see something of the Koreans before leaving the country. The audience had begun cheering when the police rushed in and stopped the meeting, requesting Congressman Hersman to leave. Some of the Koreans were handled roughly by the police outside the building.

Gets Koreans Released.

The American congressman refused to depart until all of the Koreans present had been released and remained about an hour, while the Koreans were permitted to leave. He returned to his hotel accompanied by the United States consul-general, Ramsford S. Miller.

The affair occurred at the time set for the reception given in honor of the party by Admiral Baron Saito, Japanese governor of Korea.

Throughout the day large crowds were gathering at the Seoul central railway station, but the streets were cleared before arrival of the American party. The police patrol was extended to the hotel where the party was stopping and no Koreans appeared. The police cordon was so tight that foreigners were obliged to make a long detour in order to reach the station.

Mine Guards Fire on Strikers Today

By Associated Press Leased Wire

Charleston, W. Va., Aug. 28.—Major Payne, a Baldwin Felts detective, was wounded in a fight which started early this morning between striking miners and mine guards at the Willis Branch Coal company, Willis Branch, Raleigh county, according to a statement given here by the state police department here. The Baldwin Felts men were using automatic rifles and doing most of the shooting, the statement said. Two trains have been held outside the town the crews fear to take them through Willis Branch, the statement said.

State police are on the scene attempting to quell the disturbances and have arrested a miner who was seen firing from a barn, the statement said.

Attorney George Dixon went to Springfield Wednesday evening.

100,000 PEOPLE VIEW SPEED CONTEST TODAY AT ELGIN ROAD RACE

**Eight Drivers Make Start
in 250 Mile Contest on
Dirt Track.**

By Associated Press Leased Wire

Elgin, Ill., Aug. 28.—A crowd estimated at 100,000 was on hand today to witness the 250-mile eighth annual Elgin national road race, to start at 12 o'clock standard time. Eight drivers were entered. Cliff Durant, wealthy race pilot and sportsman, was withdrawn from the field in a last minute announcement.

Before the races, Joe Thomas was positive that he would be able to start the race despite his serious spill in Hearne's car last Tuesday.

Tom Milton and Ralph De Palma were prepared to fight out their national championship battle over the dirt course.

The Elgin speed record is 77.25 miles an hour.

RACE LINEUP.

Eddie O'Donnell, Duesenberg.
Gaston Chevrolet, Monroe.
Percy Ford, Frontenac.
Ralph Mulford, Monroe.

RE PALMA LEADS OFF

By Associated Press Leased Wire

Speedway, Elgin, Ill., Aug. 28.—Ralph DePalma, the first to start in the eighth Elgin road race today, made the first lap of the eight and a half mile course in six minutes, thirty seconds. Following the other starters got off in the following order: Murphy, Thomas, Milton, O'Donnell, Chevrolet, Ford and Mulford.

Although the roads were declared to be slightly rough, record breaking time was predicted by race fans.

O'Donnell passed Thomas and Mulford passed Ford. DePalma made the fastest first lap in six minutes and thirty seconds, the record for the course being six minutes and eight seconds.

On the second lap Chevrolet was delayed by motor trouble and Mulford passing both Chevrolet and Thomas, went into second place on lapped time.

MISKE SAYS HE CAN STAND ANY DEMPSEY PUNCH

By Associated Press Leased Wire

Benton Harbor, Mich., Aug. 28.—Billy Miske, the St. Paul heavyweight matched to meet Jack Dempsey in a 10 round championship contest here Labor Day declared today that he has no fear of the knockout punches the champion carries.

Miske who fought Dempsey twice before the champion won the title, surviving each encounter without even being knocked down impressed his admirers with the fact that he is bigger, heavier, and a better fighter than when he met Dempsey before.

While frankly admitting the terrific punching ability of the champion, Miske asserted that Dempsey had walloped with his best, but that none of the blows dazed him. The St. Paul heavyweight said that he would carry the fight to Dempsey and that he would match his speed in boxing skill.

Domestic Troubles Brought to Court

Frederick W. Zanger, of Nelson township, through his attorney, John E. Erwin, has filed a bill in the circuit court to declare his marriage with Priscilla B. Zanger void. The couple were united in marriage at Clinton, Iowa, Feb. 4, of this year.

Iazel Sarver, of Nachusa township, through Attorney John Erwin, has filed a bill for divorce from Lee Sarver, charging extreme and repeated cruelty. She asks the custody of their child.

Grace R. Porter, of this city, through Attorney H. C. Warner, seeks divorce and maintenance from W. Earl Porter, charging extreme and repeated cruelty. She seeks the custody of their two children.

Pro-Irish Women in N.Y. Resume Picketing

By Associated Press Leased Wire

New York, Aug. 28.—Hostilities were resumed today by the five pro-Irish women pickets who yesterday started a demonstration that resulted in a walkout of more than 2,000 longshoremen employed on British liners as a protest against Great Britain's Irish policy.

The women returned to the piers with a large cohort of Longshoremen supporters, intent on crippling all British ships, arriving in port. Plans also were said to be on foot spread the protest strike to other Atlantic ports and to extend it if possible, to ship crews as well as longshoremen.

Mr. and Mrs. J. U. Weyant and Mr. and Mrs. Henry Kitchen, who have been camping at Lake Delevan, returned home yesterday.

COMMERCE MEN WANT CEREMONY ON LINCOLN WAY

**Chamber of Commerce
Also Urges Preser-
vation of Archway.**

At a meeting of the board of directors of the Dixon Chamber of Commerce held last evening in the new secretary's headquarters, plans were discussed relative to an appropriate ceremony on the re-opening of the Lincoln Highway between this city and Sterling. The secretary was instructed to communicate with the Sterling association of commerce in regard to some such plan which probably can be arranged for Labor Day.

The board of directors of the Sterling association will meet the first of next week when they will discuss the proposition which will then be acted upon by the local chamber.

Ask Passenger Back.

A communication was presented from the division manager of the Illinois Central railroad company in which he promised his support in bringing about the return of the mid-forenoon south passenger which was discontinued several months ago. The commercial bodies along the line of the Illinois Central from Freeport to Clinton, Iowa, Feb. 4, of this year.

Iazel Sarver, of Nachusa township, through Attorney John Erwin, has filed a bill for divorce from Lee Sarver, charging extreme and repeated cruelty. She asks the custody of their child.

Grace R. Porter, of this city, through Attorney H. C. Warner, seeks divorce and maintenance from W. Earl Porter, charging extreme and repeated cruelty. She seeks the custody of their two children.

The directors discussed to some length the advisability of making the arch on Galena avenue south of Second street a permanent structure. It was decided that the local chamber would stand the expense of re-lettering and repainting the arch and the city will be asked to light the structure.

A committee composed of Dr. W. C. McWethy, Albert Borst and O. H. Martin was selected to take charge of this part of the chamber's program.

MEXICAN OIL INCREASES.

By Associated Press Leased Wire
Mexico, Aug. 27.—Mexico will export this year more petroleum than all other countries combined, said a treasury department statement issued here today. Estimated shipments for the year aggregate 140,000,000 barrels. All records in the petroleum history of the country were broken during July, when 12,500,000 barrels or more than a million above the total of June shipments went out of the country.

UPHAM SAYS MR. COX READ FROM "PHONY" LIST; ASKS INQUIRY

**G. O. P. Treasurer Asks
Senate to Bring Cox in
for Testimony.**

Chicago, Aug. 28.—Fred W. Upham, treasurer of the Republican national committee, last night asserted that the "quota list" assigned by Gov. James M. Cox as the basis for the Democratic nominee's charges of a \$15,000,000 Republican national campaign fund never had been seen by him.

"Where Gov. Cox got it I do not know," Treasurer Upham said. "I am prepared to take the witness stand Monday before the investigating committee of the United States senate and testify under oath that Gov. Cox's statements are with out basis whatever. I never saw the list of alleged quotas that Gov. Cox used."

Wants Cox Subpoenaed.

"My own idea is that Gov. Cox should be caused to appear before the senatorial committee under the oath that will be taken by myself and other witnesses, and submit himself for proper direct and cross examination."

Any move that the Kenyon committee may take to cause Gov. Cox to appear before that body, which meets at 10 o'clock Monday morning in the federal building, probably will be resisted by the Democratic national management, for the chief reason association will meet the first of next week when they will discuss the proposition which will then be acted upon by the local chamber.

Doremus Tells Dates.

This was indicated by Congressman Frank E. Doremus of Michigan, western Democratic campaign manager, who produced telegrams and schedules yesterday afternoon to show that it is substantially a physical impossibility for Gov. Cox to place himself at the disposal of the Kenyon committee without immediate abandonment of the Cox western itinerary.

"I do not know that the senatorial committee desires Gov. Cox's presence," Mr. Doremus said, "but it seems to me that if he is caused to appear that an entire readjustment of the campaign plans for a speaking trip must be necessary."

G. O. P. Is Aggressive.

There was no official statement last night as to the probability of a subpoena going out for Gov. Cox, so far as the Kenyon committee is concerned. At Republican national headquarters the atmosphere was filled with the suggestion that Gov. Cox be required to "put up or shut up."

Democratic leaders were unanimous in the idea that Gov. Cox for the reasons assigned by Congressman Doremus does not intend to appear voluntarily and that he will not come to Chicago unless proper process issues under senatorial authority.

Mrs. Wm. Croak and Miss Alice Duffy, of Nelson, spent yesterday with friends.

DOLLAR DAY A SUCCESS

Dixon's Dollar Day, held today, was a huge success, especially from the standpoint of the buyer. Many thousands of people came by train and automobile from all over a wide territory and carried away tons of merchandise of all description. The threatening clouds of the night and early morning dissolved and with fair weather and fine roads, Dixon was the mecca of every thrifty shopper in the territory.

Today was a Dollar Saving Day for those who shopped in Dixon.

GOVERNOR COX GETS SHOWER OF FLOWERS IN N. Y.

**New York Democrats
Give Candidate Big
Reception Today.**

By Associated Press Leased Wire

New York, Aug. 28.—Governor Cox was showered with flowers when he stepped off his private car at the Grand Central Station today for a two day visit to New York.

Arriving here from New Haven on hour ahead of schedule, the presidential candidate found that thousands of men and women massed in the terminal to meet him were not to be caught unawares by any shift in the time table.

As he left his train on which he had breakfasted, he was greeted by a committee of Democratic women. The train crew lined up to review his party and the governor shook hands all around.

Station Thronged

The real reception, however, came when he entered the rotunda. An aisle had been roped off across the tiled floor. He found not only the main floor but galleries and the grand staircase thronged with men and women who obviously had come to see him and not to travel. Appearance of Governor Cox's party halted even the rush of vacationists who on Saturday are to be seen dashing through the station.

As the presidential nominee, who this afternoon is to deliver an address at the police games at Gravesend, reached the center of the hall prolonged cheering broke out, followed by cries for a speech. Then came the rain of flowers.

Governor Cox bowed to right and left and hat in hand, made his way then he would stop and shake hands with some admirer, but he could not be induced to make a speech.

Reaching his hotel, he went at once to his room to prepare for the reception arranged in his honor at the national Democratic club on Fifth avenue.

HARDING TELLS INDIANA MEN LEAGUE BROKE DOWN ON FIRST JOB--POLLARD; FOR NEW LEAGUE

**Republican Candidate Says Issues of Campaign
Are Definite and Plain—Present League
is Failure—U. S. Can Name Terms.**

By Associated Press Leased Wire

Marion, O., Aug. 28.—Pronouncing the existing League of Nations an irredeemable failure, Senator Harding today proposed a new effort to construct a world association on the framework of the Hague tribunal clothed with such attributes of the League covenant as may be found safe and practicable. He pledged himself, if elected to make an immediate effort with the advice of the ablest men of both political parties to form such an association either by putting teeth into The Hague court or by revising the covenant to protect national aspirations.

To Indiana Delegation.

The declaration, made in a front porch speech to a delegation of Indiana Republicans, detailed the Republican nominee's position on the nation's foreign relations. The senator replied directly to the arguments of his democratic opponent, Governor Cox, and declared the league issue had been squarely joined.

League Is Broken Down.

The league, the candidate asserted, had broken down at its first test in Poland and now had "passed beyond the possibility of restoration." He answered suggestions that he be more specific by asserting that details specifications were impossible in view of the changing world opinion.

Passage of a peace resolution, he continued would make an actual and effective peace without negotiation of a separate treaty with Germany. He also replied to charges of undue Senate influence by asserting that as president he would be quite as vigilant as he had been as a Senator to prevent trespass on that branch of the government in which he served.

The text of the speech follows in part:

Would Be In Europe.

"Let us suppose the Senate had ratified the peace treaty containing the League covenant. Before this day we would have been called upon to fulfill the obligations which we had assumed under Article 10 to preserve the territorial integrity of Poland as against external aggression."

Would Congress Weigh?

"The council of the League of Nations would have reasoned correctly that the United States could furnish the munitions and if necessary the men far more easily than the exhausted nations of Europe. We are glibly informed that since only the congress can declare war, the congress might reject the appeal of the executive. But would the congress do that? No congress would ever dare make this nation appear as a wretched, as it would be in such an event before the eyes of the world."

"For myself I yield to no man in willingness to render assistance to Europe. I include even the ruthless invader, Germany. It was with that feeling of sympathy that I voted to accept the league covenant with reservations. The record is made and under the same conditions I should vote now as I voted then."

"But the conditions have changed. The original league has passed beyond the possibility of restoration."

Expects To Be President.

"Now, it may appear that I have been speaking chiefly in the negative. So many things have been done by the present expiring administration that no power on earth could induce me to do, that I can not even attempt to recount them. I may remark casually, however, that if I should be, as I fully expect to be, elected president of this republic, I will not empower an assistant secretary of the navy to draft a constitution for helpless neighbors in the West Indies and jam it down their throats at the point of bayonets, borne by United States Marines."

"On the other hand I will not or shall not, as you prefer, submit to any wrong to any American citizen, with respect to either his life or property by an government."

Would Aid Mexico.

"This admonition is not directed exclusively toward our next door neighbor (Mexico) to whom we would gladly hold forth a helping hand. It is intended for notice to every government on the earth that the entire resources of this nation are pledged to maintain the sacredness of American lives and the just protection of American property."

Differences Are Plain.

"The line of demarcation between our attitude and that of our political opponents is perfectly plain. The President still holds Article 10 to be the heart of the covenant. So does the Democratic nominee. He has flatly said he was 'in favor of going in' on the basis announced by the President."

POPULATION

By Associated Press Leased Wire

Washington, Aug. 28.—State of Tennessee 2,337,459, increase 152,670 or 7.0 per cent.

Shelby county, Tennessee containing Memphis, 223,216, increase 31,777 or 16.6 per cent.

Newburn, N. C. (revised) 12,198, increase 2237, or 22.5 per cent. Previously announced 10,003.

I am not. That is the whole difference between us, but it is a most vital one, because it involves the disparity between a world court of justice supplemented by a world association for conference on the one hand, and the council of the league on the other.

An Alliance of War.

"There are distinctly two types of international relationship. One is an offensive and defensive alliance of great powers, like that created at Versailles, to impose their will upon the helpless peoples of the world."

Wants League For Peace.

"The other type is a society or league of free nations animated by considerations of right and justice, and not merely proclaimed an agency in pursuit of peace, but so organized and so participated in as to make the actual attainment of peace a reasonable possibility."

"Such an association I favor with all my heart."

"Put Teeth In It."

"This is proposing no new things. This country is already a member of The Hague tribunal which unlike the league is still functioning and soon will resume committee sessions under the chairmanship of an American representative. It is not uncommon for the advocates of the league to say that The Hague tribunal put 'teeth' into it. If in the league of Versailles there can be found machinery which the tribunal can use by all means let it be appropriated."

"I believe humanity would welcome the creation of an international association for conference and a world court whose verdicts all nations would be willing and able to uphold. "The Democratic nominee has spoken about American abandoning her associates in war and deserting the allied nations in establishing the League of Versailles. It has already been abandoned by Europe, which had gone so far as to accept it by formal agreement in treaty."

Can Name Own Terms.

"Listen, to the former British ambassador, who was not permitted to present his credentials to our executive. 'As long' said Viscount Grey, hardly a month ago, 'as long as the richest, most powerful, the greatest, territory of the civilized countries of the world stands outside the league, the league will be unable to fulfill its destiny. To put it in quite plain terms the Americans must be told that if they will only join the league they can practically name their own terms.' Undoubtedly that the fact. I ask: Is there any good reason why we should not avail ourselves of this privilege?"

"Viscount Grey continues: 'The Americans should be entrusted with the task of drafting a reconstruction scheme.' Then he suggests that 'committee of the senate could draw up suggestions for reconstruction of the league.'"

Would Draw New Plan.

"Frankly I value that suggestion very highly. What is in my mind is the wisdom of calling into real conference the ablest minds of this country without regard to party, to formulate a definite, practical plan along the lines already indicated for the consideration of the controlling foreign powers."

Steady America!

"Let us take stock for a moment for America in the world, and of America at home. Let us be done with wiggling and wobbling. Steady America! Our moral leadership to superintend a reactionary theory of discredited autocracy upon a glowing democracy. My chief aspiration, my countrymen, if I change with power, will be to regain that lost leadership, not for myself, not even for my party, though honoring and trusting it as I do but for my country."

Snake Charmer is in Hospital After Vamping Wrong Snake

By Associated Press Leased Wire

Springfield, Ill., Aug. 28.—Mary Harris "vampire" snake charmer at a sidewalk at the Illinois State Fair mistook a full orange black diamond rattlesnake for one of her harmless pets late yesterday in doing her "vamping" act. The snake buried its fangs in her cheek. At a hospital where she was removed, it was said this morning that her condition was very serious.

Today's Market Report

(By Associated Press Leased Wire.)

Grains Stronger on Export Business

By Associated Press Leased Wire
Chicago, Aug. 28.—Buying induced by the liberal export business of yesterday and a lack of offerings today started wheat 1/4 to 3/4 higher, the March delivery showing the greatest gain. December started 2.37 to 2.33 and March 2.32 to 2.33.

Strength in wheat had some effect on corn, but the trade was very light and almost entirely of a local character, with some selling for December on resting orders. First prices were unchanged to 1/4 higher, with September 1.43 1/4 to 1.43 1/2 and December 1.19 1/4 to 1.20.

Oats were firmer with other grains. Sept. and Dec. starting lower while May was up 1/4 to 3/4. Initial quotations ranged from 1/4 lower to 3/4 higher, with September 67 1/4 to 67 1/2 and December 67 1/4 to 67 1/2.

Provisions showed little change in prices early today. The close was practically the same as at the start of the early gain lost. The market showed a net gain of 1/4 to 1/2 over the previous close, with December 2.36 to 2.37 and March 2.32 1/2.

Corn prices moved within narrow limits today, the market being in sympathy with wheat. The close was practically the same as at the start of the early gain lost. The market showed a net gain of 1/4 to 1/2 over the previous close, with September 1.43 1/4 to 1.43 1/2 and December 1.19 1/4 to 1.20.

Weekly Grain Review.

By Associated Press Leased Wire
Chicago, Aug. 28.—Grains and provisions fluctuated the past week. At times prices sank due to favorable weather and heavy markets elsewhere but this was offset by talk of a financial stringency and a good buying demand for support. Compared with a week ago wheat this morning was 1/4 to 1/2 lower to 1/4 higher. Corn was 1/4 to 1/2 lower to 1/4 higher, while provisions ruled 1/4 to 1/2 higher.

The wheat market underwent numerous fluctuations. At one time March was under such heavy pressure that it sold at a discount under December. This was due to heavy buying of December and selling of March. A fairly good export business was done with France and Italy and offerings as a whole were light. Fear of Canadian competition was on an increasing scale and this had its effect.

Corn likewise was unsettled there being considerable free selling which caused a lower tone but buying by strong commission houses firmed prices. At one time there was a spread of around 25 cents between September and December delivery. The federal reserve bank statement was construed as a bullish factor while transportation facilities carried some weight. Short coverings toward the end caused the market to firm with wheat. Trade in oats started slow but on short covering and buying by a strong commission house it became strong. When commission houses got on the selling side the market became depressed and finished under pressure.

Provisions, as a whole displayed considerable strength to an improved export demand and higher prices in hogs.

Chilled chocolate is a delicious drink to serve with sandwiches on a hot afternoon or to serve at luncheon.

The chocolate should be made and thoroughly chilled before ice is added. This thorough chilling prevents the drink from becoming watery when ice is put in for serving. Whipped cream may be used on top of each glass. If whipped cream is used straws should be served in place of spoons.

CHILLED CHOCOLATE.

2 squares bitter chocolate.
3 tablespoons sugar.

should be boiling. Beat with a Dover egg-beater. Pour this into the remaining milk and continue beating until the whole is frothy and boiling. Chill. Before serving stir in the vanilla. A piece of ice should be put in each glass for serving. A spoonful of sweetened whipped cream may top the glass.

An attractive and nourishing drink for a child's luncheon is made as follows:

1 egg.
2 teaspoons sugar.
1 teaspoon cocoa.
1½ cups milk.

Beat white of egg till stiff. Add sugar and cocoa and continue beating till well mixed. Four milk on half of egg mixture, saving the rest for the top. If the milk is cold before making the drink additional chilling will be unnecessary. The yolk of the egg may be beaten into the milk before the milk is mixed with the white.

Drinks made of malted milk are extremely nourishing for children and grown-up both. If served at noon with sandwiches hot wether has no terror for a cook. The chocolate sirup can be made in quantity and kept on hand.

CHOCOLATE SIRUP.

1 square bitter chocolate.
1 tablespoon sugar.
1 cup water.

Melt chocolate, add sugar and boiling water and boil five minutes.

CHOCOLATE EGG MALTED MILK.

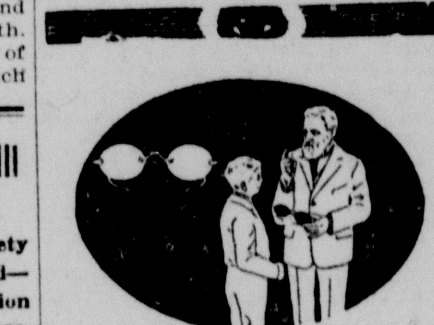

1 teaspoon malted milk.
2 tablespoons chocolate sirup.
1 egg.

1½ cups milk.

Mix all ingredients in a pitcher and beat with a Dover egg-beater for five or ten minutes. The milk, egg and sirup should be thoroughly chilled before mixing.

Probably they'll put ruffled curtains at the windows in the nation's voting booths now.

FRED E. STERLING.

Fred E. Sterling, a former Dixon
boy, is a candidate for Lieutenant
Governor of Illinois at the Republican
primaries, September 15 and he
should receive a big popular vote in
this county.

Mr. Sterling, who is now State
Treasurer, is one of the leading
figures in Illinois politics. As chairman
of the state central committee he dis-
played an executive ability which won
him nation-wide recognition. He is
editor of the Rockford Register-
Gazette and his high grade journalistic
work has placed him high in the es-
teem of the publishers of the nation.

Fred Sterling should, and no doubt
will, go into office with a great ma-
jority of the votes. He is the kind
of man Illinois needs in high office.
As Governor Lowden's close friend
and advisor and loyal supporter, it is
fitting that he should remain as one
of the chief figures in the official
family which will carry on the gov-
ernment of the state under the same
high standard that Governor Lowden
has set.

Mr. Sterling was urged by Republi-
cans all over Illinois to be a candi-
date for governor. There were other
good men who also wanted to make
the race, but it was felt by all those
opposed to Thompson and Chicago
control at Springfield that a divided
downstate vote would only play into
Thompson's hands. It was agreed
that John G. Oglesby should make the
race with the combined support of all
downstate Republicans.

Dixon and Lee county people will
be particularly interested in Fred
Sterling's candidacy, since was born
in this city and has many friends
here.

BIG BILL'S BUNK.

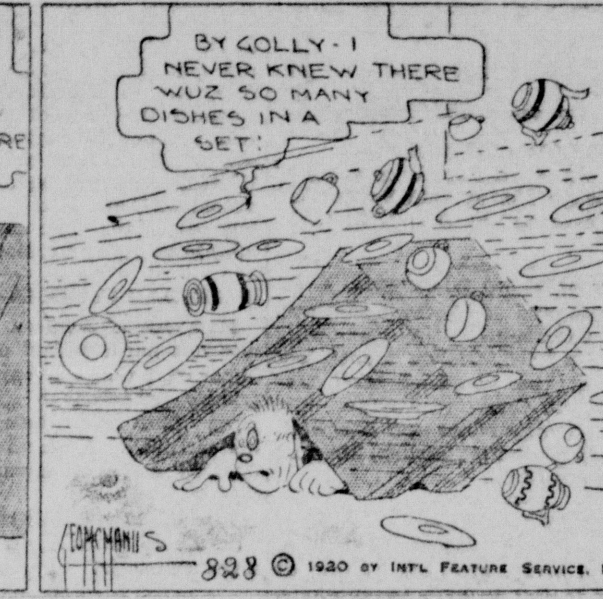

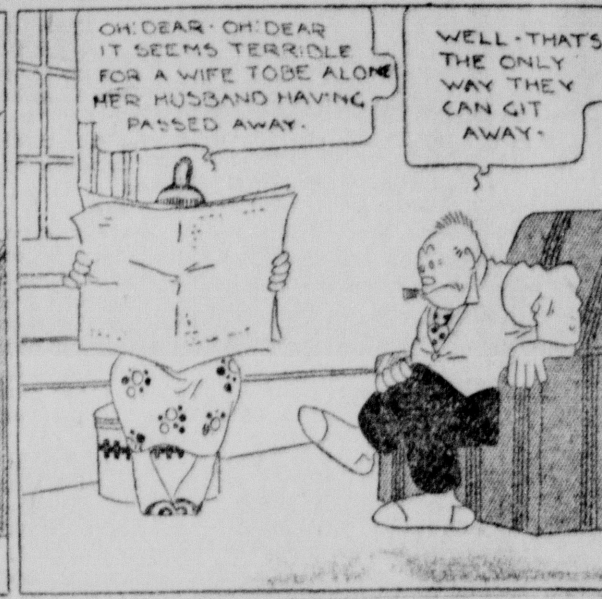

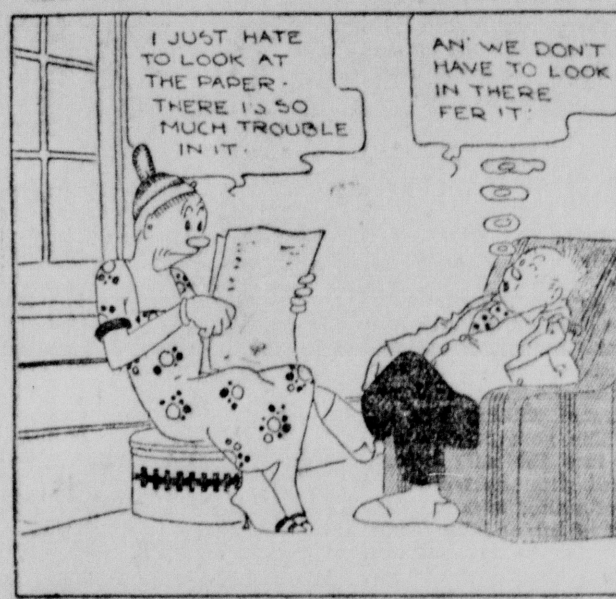

William Hale Thompson has the
temerity to boast he could improve
upon the last state administration in
the state of Illinois. Well, he has
been in control of Chicago, and Chi-
cago is bankrupt. The state of Illi-
nois has a surplus in the treasury.
The best thing about Bill is his bunk.
Bill's bunk is about the purest, most
unadorned bunk we ever heard of.

You farmers and you town home-
owners and all you citizens of Illi-
nois who pay taxes of any kind—do
you know that if it had not been for
Governor Lowden's personal fight up-
on the corporation taxes of Illinois
you would be paying 25 per cent
more in state taxes?

The corporation tax that Lowden
put through has brought into the
state treasury sufficient funds so that
the state tax for the rest of the tax
payers is reduced 25 per cent. Low-
den, the man the Chicago "Thomp-
son-Lundin-Tammany" crowd calls
the friend of the corporations, knows
enough about corporations to know
what taxes they ought to pay. He
had not been governor long until he
knew the corporations were not pay-
ing as much tax money as they
should. He decided to make them too
the mark and he did it, despite the
fight that the corporations, their
high-priced eastern attorneys and all
their influence, put up.

As late as the state Republican
convention this spring the Chicago
crowd publicly approved the Lowden

Mr. Frog Comes Back

Nancy and Nick sat quietly while
Mr. Tingaling, the fairman land-
lord, looked around Philip Frog's
house, as he said for repairs, but
really hunting for Phil himself. He'd
a pretty good idea that Philip's wa-
cation hadn't taken him either so far
as Atlantic City or Niagara Falls, or
even so far as Ripple Creek.

And he wasn't far wrong for down
under the mud Philip was waiting pa-
tiently for the "Ker-chunk" (three
times) that was to be his wife's sig-

Frog indignantly. "Why shouldn't it
be?"

"Now for the pantry," said Tingal-
ing quietly, pretending not to hear.
"I'll have to see if the sugar barrel
and flour bin are in good repair." And
he poked into each one of them
determined to find Mrs. Frog's miss-
ing husband.

But for all Tingaling was so smart,
Mr. Frog would have fooled him com-
pletely, had it not been for an ac-
cident.

Tingaling looked first in the cup-

"I mean—it's all right," explained
Tingaling. "Looks all in fine shape,
hooks and knobs, too! Now for the
chimney!"

And he poked up as far as he could

Mrs. Frog's garden. "Empty, too!"
he declared in dismay.

was too late to go back.

"Kerchoo, kerchoo, kerchoo!" she
went loudly, and it sounded exactly
like three "Ker-chunks" under the
mud where Phil was.

Up he popped quick as a wink, and
when he saw what had happened it
was too late to go back.

"My," he said trying to hide his
chagrin, "I see I've just returned in
time. Here's my rent, Mr. Tingal-
ing."

And he meekly handed it over.

RATS INCREASE COST OF LIVING, AND DEATH
RATE, TOO.

BY U. S. PUBLIC HEALTH SERVICE

The high cost of board and lodging
for Mr. Rat is one of the big problems
in economics for the United States to-
day.

Years ago, when even a rat could
get his rations and a place to sleep at
a nominal sum, a careful survey was
made of the situation. It developed
that the rat population kept pace with
the human population. There was a
rat for every person in the United
States. Investigations in feed stores,
poultry stores, the farm, etc., estab-

lished the further fact that each rat
cost each person in the United States
one-half of one cent each day.

Estimates today by experts of the
United States Public Health Service
place the daily cost of the rat at one
cent for each person in the United
States, or \$3.65 a year, just double the
pre-war cost, a conservative figure if
the increased value of foodstuffs since
1919 are taken into consideration.

A produce dealer stored 100 dozen
eggs in his warehouse for two weeks.
On opening the tub in which they had
been placed he found rats had gnawed
a hole through the bottom and remov-
ed 71½ dozen eggs. Similar depreda-
tions happened throughout the United
States, to growing crops of grain, the
stored grain, fruit, vegetables, young
poultry, pigeons, and merchandise in
general, which it destroys.

Then to add insult to injury the rats
now and then transmit to man
through their fleas the dread bubonic
plague. This disease has made its ap-
pearance in a number of Gulf ports
this summer. While the Public Health
Service feels that its experts have
been able to control the plague and
prevent its spreading, state and city
boards of health throughout the United
States have been asked to begin an
active war against the rat, not only as
a health precaution but as an import-
ant economic measure. Already a
number of seaport cities and even
communities widely removed from
plague ports, have determined to get
rid of the rat.

Of all measures the most effective,
according to the United States Public
Health Service, is starvation. This is
accomplished principally by construc-
ing buildings so that rats cannot get
to the food in them.

the government is entitled to 20 cents
war tax on each dance ticket sold be-
cause each ticket admitted two per-
sons. All this because the deputies
were not a "regularly incorporated
charitable organization."

THE BOOK OF ANN.

Daddy Breaks Up the Attentions of
Claude Ives on Ann.

I returned home, and to the perusal
of the latest book about the chemistry
of food. It was a welcome relief from
"auras" and eroticism. Then I went
over my housekeeping accounts. I
hadn't been paying any grocery or
meat bills while we lived in daddy's
house, and the new high prices of food
stuffs appalled me. The size of my
checking account had nothing what-
ever to do with my willingness to face
the present price of sugar. I was glad
I didn't have a regular maid. I at
least, would be very careful of what
was thrown into the garbage pail.

I planned a lovely one-dish dinner
for Bob, one of those casserole com-
pounds which are so delicious, which
seem so simple, but which cost the
cook so much work. However, it was
work I could get out of the way long
before dinner. It wouldn't take my
time after my husband came home.

That was a detail I had to look out
for. As long as Bob never saw me
working around the house, he wouldn't
insist on finding a maid. If my
work interfered with our time togeth-
er at home I would have to go over
the servant girl problem with him
again.

As I sang at my kitchen table, I no-
ticed that the furniture which Ives
had promised was being carried into
Ann's bungalow, the other side of my
lilyac hedge. Last to go in was a mag-
nificent player-piano. It was daddy's
choice gift to the new home.

Daddy is very fond of music and he
knows a perfect instrument when he
hears one. Naturally he wanted to
test Ann's player-piano as soon as
possible. He stopped at my door in
the middle of the afternoon and in-
vited me to go with him to Ann's house.

The workman had gone, it was
the day, but Ann was still there, he
said.

Ann was there, all right. Our ears
informed us as we approached her
house by the side door. The player-
piano was rolling off the awfullest
jazz dance ever devised to torture the
human ear, or set human feet to
prancing.

Daddy laughed as I one-stopped on
the walk. The side door was wide open
and the racket made by the jazz music
covered the sound of our shoes on the
gravel.

We paused at the door, then stood
as stiff as I paralyzed.

Ann Lorimer and Claude Ives were
circling madly around the room in a
dance posture which would have been
censored out of the movies.

Daddy muttered something under
his breath and started forward, not
realizing, I suppose, that he was car-
rying his cane uplifted at a threaten-
ing angle. I put a restraining finger
on his arm.

"Wait, daddy!" I whispered, know-
ing well what a frightful fit of temper
Daddy Lorimer can develop in half a
second. "Wait a minute. He's so tall
you know—and she's so little!"

Daddy waited with his lips com-
pressed to keep back the expletives.

Shortly the jazz stopped with a
bang, and the dancers whirled to a
couple and dropped upon it. We could
see the tops of their heads above the
high back of the divan. And those
two heads were so close together that
the shoulders below them must have

LEE COUNTY FARMERS TO HOLD PICNIC AT AMBOY ON LABOR DAY

Farm Bureau Plans Big Day for Farmers at Green River Park.

Every farmer in Lee county is invited to the Farm Bureau picnic to be held at Green River park and fair grounds at Amboy, Illinois, Monday, Sept. 6. This picnic will be the first to be held by the Farm Bureau for a year or two owing to war conditions and the busy seasons. This season, however, it is expected that farmers can be able to spend a day in getting acquainted with one another, and in having a good time.

Games in the Morning

In the morning horse shoe pitching and races, lawn tennis and games of all kinds will be indulged in and the new play grounds at the park for the little folks will be in use.

At noon a picnic dinner will be held and every one is requested to bring a basket full of good things to eat. Free coffee, sugar and cream will be furnished to all who will furnish their own cups or container. Free lemonade will also be served during the day. Other refreshments will no doubt be served during the day at reasonable rates.

Music and Speaking

The Amboy Band will furnish the music throughout the day and at 1:30 P. M. Shaw, President of the Lee County Farm Bureau will welcome all the picnicers and invite everyone to have a most enjoyable day. Z. M. Holmes of Moxville, Ill., who is president of the Peoria County Farm Bureau and vice president of the Illinois Agricultural Association, and a number of the executive committee will give an address which will be worth hearing by anyone interested in agriculture. Mr. Holmes is a former farmer and is thoroughly acquainted with the problems of agriculture as they exist today and as they must be met in the future. It is planned to have only a short program, as people wish to enjoy themselves by mingling together rather than sit for hours through a program.

Is on Labor Day

Every farmer and family are invited to the picnic and it is expected that this will be the big "get together" for the farmers in Lee county, and no effort will be spared to make it a most enjoyable day for all. Remember that the picnic is Labor Day, Monday, Sept. 6.

WHAT DOES THIS LITTLE TOT CARE FOR CIRCUS THRILLERS?

Do you think this little girl, who has just reconciled two jealous and kicking performing ponies to such an extent that they have been caught by the camera in the act of kissing and making up, would rather see some of the big thrillers with the Sells-Floto circus coming to Dixon Tuesday, Aug. 31st than play with these very ponies? Thousand Dollar Purse Offered Corn Pickers

A purse of a thousand dollars will be posted this fall by representative Bureau County farmers for a corn picking contest to decide the state championship. Five hundred dollars has already been subscribed at La Moille, Ohio and Walnut and a committee is at work collecting the remaining \$500.

There will be no entrance for charge for contestants, but it is provided that there must be representatives participating from at least five other counties besides Bureau. The contest is to be held in Bureau county some time after Oct. 25.

Under the conditions to govern the contest, each corn picker is to be provided with two teams and two drivers to haul away the corn and unload it, so that the contestants will devote their energies exclusively to picking the corn and throwing it into the wagons. The contest is to be decided upon a basis of ten hours work in one day.

It is understood that preliminary trials will be held prior to that time to decide who shall be Bureau county's representative in the contest for the championship honors.

MOTOR NOTES

SEES BIG DEMAND ABROAD FOR SMALL AMERICAN CARS

New York, Aug. 28.—An unprecedented demand for American automobiles of the smaller type in Europe was noticed by S. A. Miles, automobile show manager of the National Automobile Chamber of Commerce, during his three-months' trip through England, France and neighboring countries, from which he has just returned.

"The English and French are keen for American cars, are buying them now at abnormally high prices and probably will continue to do so," Miles said.

"As a result of the war, all Europe, and in fact all the world has been completely sold on motor transportation, both for persons as well as merchandise. The truck business continues to grow, especially as the railroads over there are overtaxed.

"The small type of car seems to be favored. Of these great numbers are seen on the road, but of the big cars not nearly so large a portion as we see at home. People here are not anxious to buy expensive cars and, moreover, the cost of operation has its effect.

NIGHT AIR BEST FOR THE MOTOR.

The cool night air of summer-time places the motor at its best, according to A. Ludlow Clayden, engineering authority.

Being cooler than day air, night air will produce a heavier charge and more powerful impulse at each ex-

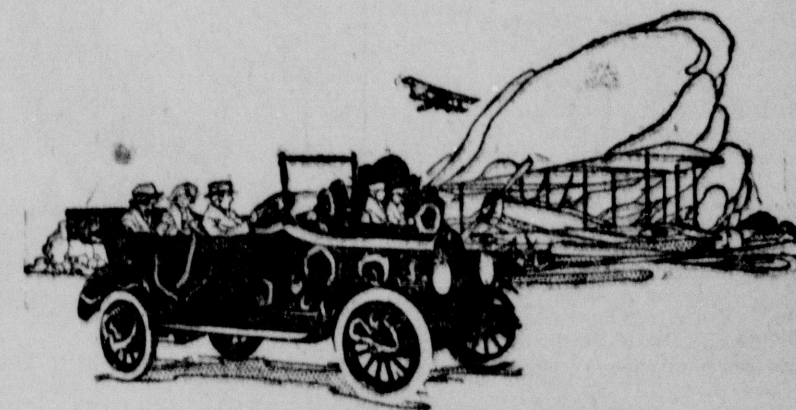

plosion, says Clayden. It keeps the motor cool, and even the oil does not heat so fast as during the day. Also, night air is damp, and damp air—not too damp, of course, produces the best kind of an explosion.

Clayden believes a motor is at its best in an atmosphere of about 40 to 50 degrees.

DORT

Quality Goes Clear Through

The high regard the Dort commands among owners can be traced straight back to the Dort factory and to the careful manufacturing practice that prevails throughout every step in the production of the car.

LEAN MIXTURE NOW.

Saving of gasoline and better riding during the summer months are two advantages for the warm days. For a much leaner mixture than is necessary in winter can bring best results in summer. Adjust the carburetor, so that the proportionate amount of air to fuel is as great as possible for smooth running, and you'll find your gas will last you over longer distances.

AVOID STRONG CURRENT.

Some motorists have a mistaken idea that there will be greater efficiency in supplying current to the ignition coils from more than the requisite 5 or 6 dry cells, connected in series. Such action may result in burning out the condenser and consequent ruin of the coil.

DON'T FORGET WHEELS.

The wheels need very little attention, but they should be watched carefully because they work all the time, sometimes under very severe strains. Any scratch that exposes the grain of the wood should be varnished over to preserve it. The hub flange bolts should also be watched and set up when necessary.

AUTO TALK

A recent invention of a Newark man is a movable front light attached to and directed by the steering mechanism. By the use of this device the rays of the lamps are always in the direct path of the car wheels.

One car a day will be the program in the new Rolls-Royce shop at Springfield, Mass. But the \$300,000 factory there will have a capacity nearly three times this much, only by the addition of more machinery. Forty of the best experts at the Derby works have come to supervise the work here. The car will sell at \$11,000.

The superiority of the Vose Small Grand is so easily demonstrated—its full tone volume, so rare in Small Grands, is the feature of this piano.

This "Vose Tone" feature appeals instantly and strongly to those who know and appreciate tone quality. The remarkable success of the Vose Small Grand is easily understood when one compares it with others. Its success is no secret.

FARM BUREAU HAD BIG EXHIBITS AT COUNTY FAIR; MODEL FIELDS

Dixon Experimental Field Was Reproduced in Miniature.

The Lee County Farm Bureau was represented at the Lee County Fair by a big exhibit staged in two tents, and in addition was instrumental in securing Wm. P. Newell of Washburn, Ill., to demonstrate the training of horses.

In one tent a miniature reproduction of Dixon Experiment Field which is located two miles west of Dixon on the Lincoln Highway, was shown with growing crops of corn, oats, clover and wheat. The Experiment Field shows the methods of soil treatment as best adapted to upland soils of this territory, and during its ten years' existence has proven beyond doubt that the Illinois System of Soil Fertility is worth while. For instance treatment has resulted as follows:

Yield On Dixon Experiment Field.
Soil treatment:
Untreated—Corn, 8 crops, 33.30; oats, 7 crops, 63.20; clover, 6 crops, 1.85; wheat, 5 crops, 25.10.
Organic manures, Limestone, Rock Phosphate—Corn, 8 crops, 53.25; oats, 7 crops, 67.15; clover, 6 crops, 2.88; wheat, 5 crops, 33.60.
Increase due to treatment—Corn, 8 crops, 19.95; oats, 7 crops, 3.95; clover, 6 crops, .73; wheat, 5 crops, 8.50.
Value of increase per 4 year rotation, \$46.02.
Cost of treatment, \$16.00.
Increase due to treatment, \$30.02.

At the back of each miniature plot were piles of corn, oats, wheat and hay showing the difference in yield for the treated and untreated plots for a number of years past. A pound of grain represented a bushel of the same grain in actual yield from the plots. The whole exhibit caused a great deal of interest and praise from people who saw it.

A number of weed samples were on display showing common and noxious weeds in the county. Also a number of interesting charts prepared by the College of Agriculture gave pertinent facts on different agricultural subjects and were of special interest to those who took the time to study them.

Club Exhibits.
The exhibit of Boys' and Girls' club work at the Lee County Fair this year is evidence of the rapid development of that work in this county. Thirty-seven pigs and ten calves were exhibited by members of the pig club, sow and litter club and calf club. For the most part the pigs and calves were in good condition and showed the result of good care and feeding.

The girls' garment clubs of West Brooklyn and Sublette made an excellent exhibit of garments made by them under the directions of their leaders, Mrs. Henry Bernardin and Mrs. J. A. Long.

In addition to their exhibits the clubs were also represented by five demonstrating teams of three members each who demonstrated at the Farm Bureau tent every day of the fair, showing some of the work they are doing at their club meetings.

Following is the list of prize winners:
Best dairy calf—First, John Thompson; second, Glenn Thompson; 3rd, Russell Gentry.
Best litter of Duroc Jersey pigs—First, Sidney Buckaloo.
Best litter of Poland China pigs—First, Doyle Morrissey; second, Ralph Mehlbrecht; third, Marion Ford.

Best Duroc Jersey pig—First, Frank H. Mynard, Jr.; 2nd, Sidney Buckaloo; third, Edward Bollman.
Best Poland China pig—First, Geo. Hall; second, Frank Hall; third, Marlorie Wolcott.
Best Chester White pig—First, Orville Tiffany, Jr.; second, Kirby MacKinnon; third, Mabel Fluck.

Best demonstration of club work—First, Community Junior and Senior Garment Club of West Brooklyn; second, The Amboy Calf Club; third, the Community Junior and Senior West Brooklyn Garment Club.

The premiums on garments were awarded for the several different pieces and went to the Community Junior and Senior Garment Club of West Brooklyn and the Shamrock Garment Club of Sublette.

sisting of Cecelia Barr, Rita Oester and Georgia Derr with their leader, Mrs. Henry Bernardin of West Brooklyn, have gone to put on their demonstration at the State Fair with their expenses paid.

Horse Breaking.
Wm. P. Newell, veteran horse trainer of Washburn, Ill., a farmer by occupation, exhibited twice daily his method of training green and unruly colts. His method is one which can be followed by any man, even alone, and does not require the work of two or more men to break a colt. His method is simple and very effective and was watched with special interest each day. It is interesting to note that a number of farmers saw every demonstration that Mr. Newell put on, showing that they were especially interested in his work. The last day Mr. Newell took an outlaw colt that had been ridden by the cow boys in their wild west show, and which was certainly a hard one for the cow boys to stick to. Mr. Newell took the colt and hitched and drove it without trouble, and later showed how to break a colt of bucking. Before he finished his role the colt without any trouble whatever. Many compliments were paid Mr. Newell on his methods of handling horses, and almost universal satisfaction was expressed as to his work.

DIXON FIGHT FANS TO CAMP GRANT ON LABOR DAY, SEPT. 6

Great Card of Events is Arranged for Holiday Show There.

Dixon boxing fans will have the opportunity of witnessing a very good program of entertainment on Labor Day evening at Camp Grant, this bill concluding the summer activities in the big open air arena. A good strong card has been arranged and one that will attract boxing fans for many miles from the camp.

After a week of squabbling over weight, distances and forfeits, Leo Patterson of St. Louis and "Memphis Red" of Memphis, Tenn., both colored, were booked yesterday to meet in a ten round battle at the camp on Labor Day for the colored lightweight championship of the world. They are two of the foremost maulers in the 135 pound class and local fans who witnessed a draw battle between this pair in July will be anxious to witness the battle. Both are considered worthy opponents for Benny Leonard and the other top notchers of this class and the winner will probably have a chance to prove his worth this winter.

The card which features three ten round bouts, follows:

Leo Patterson, lightweight champion of the A. E. F., vs. Memphis Red, 135 pounds, ten rounds.

Joe Flannery, Pittsburgh, vs. Sammy Mandell, Rockford, 115 pounds, ten rounds.

Johnny Gannon, Camp Grant amateur champion, vs. Joe Berger, Chicago, 118 pounds, ten rounds.

Private Stanfill, Camp Grant heavyweight champion, vs. Boyd Grush, Mt. Morris, 190 pounds, six rounds.

Eddie Schmidt, Camp Grant, vs. Bud McFadden, Sterling, 150 pounds, six rounds.

Every event on the program is a star attraction. In the second ten round bout, Kid Flannery, who is creating quite a sensation in the east, is billed to meet Sammy Mandell, in the other ten round bout, Johnny

Gannon, a camp favorite will take on Joe Berger of Chicago. The latter will be remembered as the lad who earned an even break with Joe Mandell in a recent fight. Soldier Stanfill and Boyd Grush have been rematched, the former having won a knockout a week ago.

Judging from the number from the city who have been attending the Camp Grant shows during the summer, it is quite possible that a block of good seats will be sent here for the accommodation of the Dixon fans. Further announcement will be made should the camp athletic officers decide upon this action.

Portland, Ors.—Portland found that it could run along without a ripple even if all the "big bosses" were out of the city. One day the mayor and chief of police were in Pendleton, two of the commissioners were in Long Beach and Seattle, the assistant chief of police was in the east and the fire chief had resigned! But nothing happened.

Paris.—"Learn German" is the advice former President Poincare has given the French through the Association of Language Professors. He said:

"To dominate German science we must understand it. And to maintain the independence or the superiority of our literature we must not close our eyes to foreign literatures, not even that of Germany."

M. Poincare said German must be known by those who undertake the administration of the occupied regions and also to restore French to its proper place in Alsace Lorraine.

Army officers recently were urged to learn German. The government has reinstated that language in the officers' training schools.

ROCHELLE.

Aug. 25.—James A. Brundage, fifty-one years a resident of Illinois and a prominent resident of Rochelle, died Sunday evening at 11:45 o'clock at the Wilgus sanitarium in Rockford in his seventy-nine year.

Mr. Brundage was operated upon at the Lincoln hospital in Rochelle, June 5, 1920, and on July 1st was removed to Rockford for treatment. On Thursday, Aug. 19, he suffered a stroke of paralysis from which he never recovered. Mrs. Brundage was called to Rockford on Friday and remaining with Mr. Brundage until the end.

Funeral services were held from the residence, 400 North Sixth street, Wednesday afternoon, at 4 o'clock. Rev. Earl Frederick Zeigler, pastor of the First Presbyterian church of Rochelle, officiated.

James A. Brundage was born in North Urbana, New York, October 5, 1841. He came to Illinois in 1863, and engaged in the live stock business in partnership with his brother, Zebulon, I. M. Mallory and William Stocking.

He was united in marriage to Emma L. Steele, of Rochelle, Ill., on Sept. 10, 1872, who survives him. Two sons and one daughter were born to them: Bruce B., Herbert S. and Alice Steele. Alice died at the age of two years and Herbert at the age of 22. Bruce, the only surviving child, lives in Eugene, Oregon.

Among the relatives from out-of-town who attended the obsequies are: Hiram Brundage, Barton Brundage and Mrs. Mabel Johnson, of Oak Park, nephews and niece respectively, of the deceased; J. F. Steel, of Parsons, Kas., brother of Mrs. Brundage, arrived on Tuesday morning and was here for the funeral. Bruce Brundage was unable to attend the funeral on account of the death of his wife's father, which occurred Monday, Aug. 16, at Eugene, Ore. Mr. Brundage had been called here by the illness of his father and returned when his father showed signs of improvement.

Interment was made in the family lot at Lawndale cemetery. Horicon Lodge No. 244, A. F. & A. M., of which the deceased was a member had charge of the funeral.

Archibald W. Hizer, one of Rochelle's most prominent citizens, died at 4:30 Tuesday morning following a stroke of apoplexy. Mr. Hizer was stricken while sitting upon the front porch of his home, 508 Ninth street, at 7:00 o'clock last night. His daughter Ethleen and her cousin, Miss Ruth Blackman, had just driven up in a car and noticing that something was apparently wrong with Mr. Hizer rushed to his side and he was stricken while in their arms.

Mr. Hizer was 55 years of age. He graduated from Rochelle high school in the class of 1888. On June 24, 1901, he was united in marriage to Blanche Blackman, who died Feb. 3, 1910. Two children came to bless this union, Miss Ethleen, and a son, Dexter, who survive. Charles Hizer, formerly of this city, is a brother.

Mr. Hizer was a director of the Rochelle Trust & Savings Bank and the bank at Hammond, Ill. For many years he was a successful shoe merchant. He was a member of the local lodge I. O. O. F.

SAYS ACID STOMACH CAUSES INDIGESTION

Excess of hydrochloric acid sours the food and forms gases.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by Hyper-acidity, meaning, there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation.

Thus everything eaten sours in the stomach much like garbage sours in a can, forming acid fluids and gases which irritate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and, instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and further while it is effervescent and furthermore, to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble with excellent results.
